August 1, 2009

BHS Music Booster Families & Friends,

As we move forward in planning and preparing for the 2009 – 2010 school year many have been approached regarding upcoming fundraising opportunities. Through this outreach some have indicated their desire to provide financial support in lieu of volunteering their time or services. It is recognized that every individual has their own definition of “support” with regard to fundraising and the BHS Music Boosters as a whole.

A concern expressed has been the desire to provide a one-time donation in lieu of volunteering time or services and still being approached to volunteer. To minimize these concerns, should you make a one-time donation to the BHS Music Boosters in lieu of volunteering to work at a fundraising event, your family name will be placed on either a “Last Call” or “Do Not Call” list, if you desire. It is the hope that every family of a BHS music student is involved and offers support in fundraising events, either through time and services or offering financial support via monetary donations. Should you know of other parents who are not involved, a gentle “push” to become involved in some way will minimize the cumulative contributions of all families involved in the music programs at BHS.

It should be noted that volunteering to work or support fundraising events is different from chaperoning. Chaperoning duties entail accompanying music students on trips and overseeing activities of the group while waiting to perform, such as in concerts. Outreach for these opportunities are different from fundraising events and should be considered in determining how your family will choose to support the ongoing music programs.

Should you wish to make a monetary donation at any time throughout the year checks can be made payable to BHS Music Boosters and mailed to the following address:

Bolingbrook High School Music Department
BHS Music Boosters
365 Raider Way
Bolingbrook, IL 60440

Thank you for your consideration and support of the music students at BHS!
Sincerely,

BHS Music Boosters Board of Directors

“Proud to Be a Booster”
